blooms next spring. Plant them in the grass or in the garden and leave them for years or move them each summer as May to July is the proper time to order Jonquil, Daffodil, Narcissus Bulbs. Plant them in August or early September for you choose. Perfectly hardy; all the varieties listed herein are grown out doors. Narcissus Bulbs will bloom in April and May if planted as late as February, but the stems will be short and blooms inferior. Plant early; give the bulbs a chance to make root growth and produce fine blossoms and long, strong stems.
